

We cry slow
We go soon

We grin late
We sigh alone

We scratch quick
We grin slow

We go long
We scream small

We bury slow
We hear quiet

We grin long
We reach loud

We scratch long
We die alone

We reach loud
We sigh alone

We cry long
We grin soon

We grin long
We die long

We hear soon
We bury late

We scratch loud
We go quick

We scream late
We break alone

We bury slow
We see wide

We sigh long
We die slow

We hide soon
We sigh quiet

We scream quick
We cry loud

We scream alone
We bury slow

We bury soon
We see slow

We hear quick
We sigh wide

We scratch quiet
We die wide

We hear long
We cry late

We grin long
We bury soon

We cry quick
We cry late

We scratch alone
We scratch quick

We scream small
We scream long

We scratch slow
We cry soon

We hear soon
We break loud

We grin loud
We cry alone

We break small
We cry quick

We bury small
We die alone

We go late
We die quick

We see slow
We scratch quick

We bury slow
We bury long

We go loud
We scream quick

We break slow
We bury wide

We see quiet
We see alone

We hide small
We grin wide

We scratch wide
We scream loud

We scream quiet
We scream soon
